Our Values

- To listen.
- To respect.
- To care.
- To assist.

"Free the child's potential and you will transform him into the world."

Maria Montessori

"Education is not the filling of a pail but the lighting of a fire."

William Yeats

"If a child cannot learn in the way we teach, we must teach in a way the child can learn."

P: 1300 651 704

The Newcastle Learning & Development Clinic specialises in assisting children and families in the areas of learning, reading and speech therapy. We have access to an exclusive group of health professionals in psychology, occupational therapy and paediatrics whose goal is to maximise the potential of each child.

Our mission is to provide families and children with a team of dedicated professionals all working towards the ongoing support and development of each and every child.

WHAT OUR CLIENTS HAVE TO SAY!

"**Small Talk Speech Therapy has done more for my child in a few weeks than my child's previous therapist did in a year. Small Talk speech therapy is so focused on my child, on point with what may help her and the interaction with my child is always in a happy, relaxed, comfortable tone, that has helped ease my child right into it, right from the first visit".** *Lisa*

"For me, the **Australian Literacy Clinic's** expertise in their field has helped to show me why my daughter is having problems with her reading. By their observations I am now able to pursue an avenue which will help her immensely. She would have still been battling her way through school without their help. I am full of praise for ALC and would highly recommend them to anyone. They have definitely been a positive influence in my daughter's life". *Megan.*
